BREAK ORDERING GUIDE

When ordering bulk cases, the serving size per person is 4-6 ounces.

When ordering count goods, allow one piece for each person.

OR

60-80% of each item when there are multiple selections.

Snacking Hints

Adding nuts and dried fruits as snacks are a great way to increase essential fat, proteins, and vitamins to everyone's diet!

Nuts are great crunchy snacks to help break-goers control calorie intake!

Coffee Time will best be utilized as a morning break. Biscotti studies have shown more than 50 percent of biscotti is consumed in the morning hours, versus 5-10 percent for traditional cookies.

Consumers are snacking more in-lieu of eating traditional meals, especially around lunch. Beverages are also considered snack options—especially smoothies and blended coffee drinks, although carbonated beverages such as energy drinks and soft drinks may serve as snack satisfiers as well.

Hand held and portable items are essential during breaks so people in attendance can take the snack back to their seat.

Afternoons are by far the busiest snacking time.

Top Snack Foods Eaten in the Afternoon:

- 1. Fresh Fruit*
- 2. Gum*
- 3. Chocolate Candy/Candy Bars*
- 4. Potato Chips*
- 5. Breath Mints/Strips*
- 6. Non-Chocolate Candy*
- 7. Nuts*
- 8. Cookies*
- 9. Tortilla Chips*
- 10. Crackers*

Top Activities While Eating Snack Foods in the Afternoon:

- # 2. Eating a meal/meal replacement*
- # 3. Break from work/meeting*

Snacking trends find consumers define the ideal snack as one that is healthy, tastes sinful and is convenient in all aspects.
